## A TV-Molvi's Comments!

**Allah Ta'ala says, "No person will die except at the appointed time with the Command of Allah." (Aal-Imraan, Aayat 145)**

**Nabi (Sallallahu alaihi wasallam) said, "There is NO contagion (of disease)."**

A Moulana sent us an audio recording of a TV-Molvi who was commenting on the virus which has 'hit hard' certain Muslim communities. We were asked to comment on it as this TV-Molvi's clip is making its rounds on certain platforms.

In short, the entire clip – *apart from the Du'as made* – consists of nothing but causing Fitnah. If the above Aayat and Hadith were warmly accepted, then there would be no need for the TV-Molvi to utter what he uttered – i.e. make Fitnah. The following are among the points made on this clip:

***We need to accept that this is a reality, irrespective of the various theories we believe in***

**Our comment:** There are two issues in this statement of the TV-Molvi.

- Yes, sincere Mu'mineen accept that this is a reality – i.e. they accept that Maut will approach on its exact moment – *not a second earlier or later* – whether atheist-made protocols are followed or not.
- Mu'mineen are only interested in the 'Theory' of the Deen, not the utter lies and falsehood the media bombards us with. And the 'Theory' of Deen is simple and understandable. One need not be a Molvi or a (Haraam) TV-Molvi to understand this simple 'Theory' in the following beautiful words of Nabi (Sallallahu alaihi wasallam) which is unpalatable to modern-TV-Molvis, "***Laa Adwaa!***" – **There is NO contagion!**

The TV-Molvi who is part of the modern clique of Ulama-e-government, uttered:

***Many of our colleagues and family have tested positive***

**Our comment:** What exactly is he trying to say? This is the language of the atheist and Kuffaar government! It is their manner of instilling fear into the masses by repeating the phrase 'tested positive'. These 'positive cases' are then kept as a record and shown on their daily score boards (covid stats) to initiate and justify oppressive lockdowns upon the citizens – *the poor are the worst hit!*

In uttering such a statement, one walks headlong into the 'lizard hole' mentioned by Nabi (Sallallahu alaihi wasallam), which means following and accepting everything spewed out to us by the false-media, Kuffaar and atheist.

We wonder what the modern-Ulama who appear to be the agents of the government have to say regarding reports made of a goat, a fruit and other things like tap water, fizzy drink etc. that were tested 'positive' around the world. Is that also a cause for concern, a reason for blocking our noses and mouths with masks to 'stay safe'? We would like a comment from the Ulama-e-government.

The TV-Molvi also said:

***Let us all as a community do the right thing and act responsibly***

**Our comment:** We agree 100% with this statement. Yes, we should 'do the right thing'! However, we are only interested in the 'right thing' that is in conformity to the Deen and Shari'ah!

The following are ten 'right things' we should do, and we hope the TV-Molvi and his clique will also do:

1. All men to be in the Masjid for ALL five Salaahs.
2. All ladies to observe proper-Shar'ee Hijaab. They shouldn't interview or be interviewed by Molvis on their media tools also!
3. All husbands and Molvis to STOP their womenfolk from driving – even with Purdah.
4. All TVs to be smashed to pieces, even if there is a channel Satanically dubbed as 'iTV'.
5. All musical ringtones of cellphones to be changed.
6. All female radio presenters to be dismissed from so-called 'Islamic' radios.
7. All so-called 'Islamic' radios to air the Fatwa that Shi'as are Kuffaar.
8. All 'Halaal' certifying bodies to brand commercial meat from animals stunned, electrocuted and tortured as HARAAM.
9. All 'Halaal' certifying bodies to allow open and anytime inspections of the plants and factories they certify.
10. All junior 'Ulama' and the Ulama running Fordsburg Jamiat to incumbently adopt the company of the Ulama-e-Haq and to take their Naseehat in the work they do. This is to prevent Masjid closures, Eidgah closures and non-social distancing when distributing hampers yet enforcing this (social distancing) in the Masaajid.

Hundreds of more 'right things to do' can be penned. We will suffice with the above, which if done, will very quickly attract the Aid, Mercy and Barkat from Allah Ta'ala, Insha Allah. We sincerely hope that the TV-Molvi will lead by example and change as well, Aameen.

Regarding 'act responsibly', this and other similar statements are the slogans of the Kuffaar! We are duty-bound to 'act responsibly' within the Laws of Shari'ah. We can't social distance in Salaah, wear a mask in Salaah, stop visiting the sick and dodge

Janaazah and burial under the pretext of the Kuffaar of ‘act responsibly’, ‘do your part’, ‘stay safe’, etc.

The TV-Molvi said:

***In addition to invoking Allah Ta’ala for His Mercy and Aid, please exercise extreme caution, observe the necessary precautionary measures and health protocols as advised by our Muslim medical practitioners***

**Our comment:** As said earlier, we should only be interested in Shar’ee ways of ‘acting responsibly’, ‘observing caution’, ‘observing precautionary measures’, and ‘health protocols’.

Which Muslim medical practitioners is the TV-Molvi referring to? If he is referring to IMA/IMASA, then he has jumped into the wrong boat. In fact, he is with them in the same boat because they were among those who called for the closure of the Masaajid, as well as they called for the transformation of the Masaajid into resembling perhaps churches in calling for total un-Islamic and Haraam protocols such as social distancing and wearing unhealthy masks.

There is nothing ‘Islamic’ of IMA/IMASA who are the enemies of the Masaajid. They freely allow Haraam fun-walks for Palestine for men, women and children to parade on the streets in emulation of their masters (Kuffaar), yet they restrict and enforce protocols of the Kuffaar in the Masaajid. Thus, there is nothing ‘Islamic’ of this organisation.

***As said above in the 10-points of ‘change’, IMA/IMASA should ALSO adopt the company of the Ulama-e-Haq and take their Naseehat in their doings, writing protocols, etc. then they will see how they will be of real help to the entire Ummah, Insha Allah.***

To the contrary, there are doctors who are totally against ALL protocols of the atheist and WHO! These doctors have written articles explaining the harms of masks and the illogical social distancing. While there are Muslim doctors also with these beliefs, there are also non-Muslim doctors who are saying this! Indeed, these non-Muslim doctors have humiliated Muslim doctors who subscribe to the atheist protocols.

Which ‘caution’ and ‘protocols’ is the TV-Molvi speaking about? Nowhere in Deen do we find that in a plague the Sahaabah (Radhiyallahu anhum) left 1.5m / 2m gaps in their Saffs, wore masks to resemble *Tsotsis* (thieves) or made Tayammum for the Janaazahs in place of Ghusl! In fact, some plagues were far more devastating than the one we are witnessing! Yet, the Masaajid were filled – no one dared to close the Masaajid! Closing the Masaajid is like closing the Doors of Rahmat!

***May Allah Ta’ala give each one of us Hidaayat to see the Haq, follow the Haq and practice the Haq. May Allah Ta’ala keep us on the Haq and change the Ulama-e-Baatil to be part of the Ulama-e-Haq – Aameen.***
