A Sister's Comments on 'UUCSA'

HOW STRANGE

By: Umme Abdullah

What a strange thing to do?

Other Ulama to ask for Masjids to open - uucsa opposes. Drags the matter through the courts. Tries to humiliate fellow senior Ulama in public. At every opportunity.

Then uucsa to petitions for the exact same thing that other senior Ulama wanted in the first place. How strange..

What a waste of the Ummahs time in Ramadhaan. Really.

The name of the game is "name and fame"

Nobody else can negotiate opening of Masjids with government, only uucsa.

If other Ulama take this step before we do, we will drag them to court. Oppose them publically. Oppose them in court.

Manipulate the (sheep) Muslim public to support uucsa on all social media to also oppose the Ulama who petitioned the government before uucsa did.

Become "friends of the court" to oppose the country's senior Ulama's efforts to try and open Masaajids.

uucsa gymnastics twisting and turning this way and then that way - then against Masjids opening under strict conditions, then for Masjids opening under strict conditions - what a joke

uucsa just made a big joke of itself and a bigger joke of the easily brainwashed Muslim public (courtesy of their propoganda machine mw1548).
