## Rejoice, O Ummah Of SA!

### There Are Ulama-e-Haq In Our Midst!

### The Shaitaani Call Of The Zaalimeen (Oppressors) Was Ignored By The Ulama-e-Haq – Alhamdulillah!

Sunday, the 22<sup>nd</sup> March 2020, was the day the true colours of a so-called organisation of ‘Ulama’ was exposed. Nay, it was a day on which their inner-hatred for the Houses of Allah – the Masaajid – surfaced! It was an important day which will perhaps not be forgotten by the Muslims of SA, the Ulama-e-Haq of SA and definitely it will **NOT** be forgotten by the millions and billions of Malaa’ikah that witnessed the happenings of this important day.

To us, it was expected to happen. It was just a matter of time for this to happen. And Lo and Behold, on Sunday it happened! The ugly colours together with a rotten stench of worse than sewage tanks were emanated in the article of this organisation in which it was said that the Houses of Allah – *The Bastions of Islaam – The Orchards of Jannah – The Powerhouses of Imaan – The Residence of the Malaa’ikah – The Abode of the Pious Devotees – The Destinations of the Worshippers* – must be **CLOSED** to the Ummah! This was said by an organisation which is supposed to be consisting of ‘Ulama’ – *the heirs of the Ambiyaa* – based in Fordsburg, parading as ‘Jamiatul-Ulama “South Africa”’ – which we have always referred to as Jamiat Fordsburg. The fact that many Masaajid were still open with the 100-restriction mark shows this organisation does **NOT** represent all the Muslims and Ulama of South Africa as its name gives the (false) impression!

### Innalillaahi-Wa-Innaailaihi-Raaji’oon!

Shame on this group of ‘Ulama’! How can they be genuine ‘Heirs of the Ambiya’? We, and every Aalim-e-Haq, Mu’min and Muslim wonder at this fact!

Had they been true and genuine Ulama, they would have understood that by the mere change of the winds, our Rasool (Sallallahu alaihi wasallam) hastened to the House of Allah Rabbul Izzat – the same Houses they called on Sunday to be SHUT DOWN! May they hang their

heads in shame! Are they real Heirs of Rasulullah's Sunnat of hastening to the Masjid when conditions around us change? Nay, they have adopted an '*alien-to-Islam*' culture with all their secularism and modernism by **SHUTTING DOWN** the Pure and Paak Houses of Allah Rabbul Izzat!

### **Now, for the REJOICING of the Ummah...**

Despite the Shaitaani efforts of this secular-group of 'Ulama' based in Fordsburg whose secretary has been to Portugal around the first week of March 2020 – a high-risk coronavirus country which has reported its first death on the 16<sup>th</sup> March 2020, just 10 days after the secretary gave a lecture in a Masjid in Lisbon, we have been informed of numerous Masaajid that were still operating in SA – AS PER THE GOVERNMENT'S INSTRUCTIONS (of not more than 100 Musallis per gathering)!

This shows nothing but the bitter fact (Haq) that these Masaajid totally and wholeheartedly **IGNORED** the article of the 'Jamiat'. Though the (junk) article of the 'Jamiat' – which has extremely modernised TV-popstar-Molvis – was not to totally shut down the Masaajid, but if followed, none besides five could have entered to perform Salaah in the Masjid – contrary to the Government's call of prohibiting gatherings of over 100 which was still in vogue (on Sunday the 22<sup>nd</sup> March) due to there been no call of stricter Government's Laws.

Thus, we ask the Ummah to make Shukr had they been able to go to a Masjid which was still operating – with Government's Law of under 100. This group of 'Ulama' who issued their article of allowing only 5 Musallis, have done a huge disservice to the Deen of Allah!

Remember, they have called on with their own mouths, pens and paper to **SHUT DOWN** the Masaajid of Allah. **It would have been a different case if it was the law of the Land, as is the current situation in view of the Government having now imposed its (21 day) lock-down.**

Had someone printed out posters and flyers in which he was calling on the people of your town to stop buying from your shop, will you simply leave the person? Will you not take action? On the other hand, will your neighbour take action on your behalf? No, because it is not his business. You must sort out your own affairs, hence your neighbour and friends will leave you to take action on your own will.

**In the same way, the Masaajid belong to Allah.** Hence, Allah will deal with **ALL** those Muslims who have stopped other Muslims from coming to His Houses despite the Government's previous permission of not more than 100! Anyone who stops people from going to Allah's House have been branded as **Zaalimeen** (oppressors) in the Qur'an Majeed:

“And who is **MORE UNJUST THAN HE WHO PREVENTS** (men) from the Masaajid of Allah that His Name should be remembered in them and strives to ruin them?”

(Baqarah, 114)

May Allah guide us to follow the Ulama-e-Haq and not Zaalimeen who are so-called 'Ulama' and shut the Doors of the Masaajid, Aameen, Aameen, Aameen.
